DISCUSSION

The City of Lincoln is in the process of developing the Southeast Nebraska Regional ITS Architecture Plan. The architecture will become a plan of projects for technologies, interagency collaboration, communication and technical integration in the thirteen county Southeast Nebraska region. The plan is required by the Federal Highway Administration and the Federal Transit Administration to illustrate and document regional integration so that planning and deployment of ITS solutions can take place in an organized and coordinated fashion throughout Southeast Nebraska to improve transportation safety, efficiency and security. The County agrees to contribute for the 2004-2005 Fiscal Year, Twenty-Five Thousand Dollars (\$25,000) towards the total project cost. Payment to the City will be made upon submittal of the completed Architecture Plan to the County.
